APPLICATION - REGISTRATION - ADMISSION

The Virtual Prep Academy of Indiana @ Madison Grant is an online, public school recognized by the state of Indiana for grades Kindergarten through 12th Grade. Admission is open to students on a statewide basis. Submission of an application within the online enrollment portal represents the first step in a multi-step process. By completing, signing, and submitting the online application and uploading all required documents the Parent or Guardian expresses a desire to have his/her child attend The School. The submission of the online Application and associated documents begins the admissions process. It does not mean the student will be enrolled. As part of the process, the Parent or Guardian will submit copies of the student's:

- Proof of Identity
- Current Immunization Record
- Proof of Residence
- Copy of most recent High School Transcript or K-8 report card (This is not required prior to enrollment approval but will be requested to inform timely design of student's instructional program)

After submitting the application, all required documents must be uploaded via the online enrollment portal within 30 days. For assistance with uploading documents please call 888-436-0234 or email records@vprepinmg.org or fax to 1.888.821.3266. Once they are received and accepted, you will receive notification of your student's official enrollment. Your student will be considered fully enrolled when:

1. All required enrollment documents are received and accepted by the school;
2. Student completes onboarding and orientation prior to beginning any online coursework.

To maintain a student's enrollment, the Guardian must:

1. Ensure that a working phone and internet connection are maintained at the location where the student is being educated at all times.
2. Stay current with attendance and academic requirements.
3. Inform the School, via updated proof of residence, of all parent or student address and phone number changes as soon as possible; and
4. Adhere to all requirements of the Parent/Student Handbook.

If you fail to provide any of the above, the Parent and Student may be locked out of the student learning platform or removed from the school due to lack of engagement.

CHANGE OF ADDRESS, PHONE NUMBER OR CUSTODY

It is the Parent/Guardian/Student's responsibility to inform the school Office of any change of address or phone number. If you have a change of address, you are required to provide the corrected student information and proof of residency documentation to the school Office by emailing the documentation to records@vprepinmg.org. If there is a change of custody for the student, you are

required to provide the corrected student information, including the current custody order, to the school Office.

ANNUALLY REQUIRED DOCUMENTS

After initial enrollment, each year The School will distribute the following forms and documents to all parents and students. Some of the documentation will need to be filled out and returned. It is the parents' responsibility to update necessary information as appropriate. This list is illustrative and subject to change.

- Parent/Student Handbook & Agreement
- Household Income Verification Form (used by the state to inform some streams of school funding levels)
- Emergency Medical Authorization
- Title One Compact
- Any medical or religious exemption on file for immunization

HANDBOOK ACKNOWLEDGEMENT

Both the Parent and Student are required to sign the Handbook Agreement Form and submit it at the time of admission, and then annually while enrolled. The signed Agreement Form is kept in the student's cumulative file and, among other things, expresses the acceptance of the Handbook content by both the Parent and the Student.

HEALTH CERTIFICATION AND IMMUNIZATION REQUIREMENTS

Immunizations have been proven to help prevent the spread of certain contagious diseases and, in some cases, have eradicated disease. The state Department of Health determines the schedule of childhood immunizations required for daycare and school attendance. Schools, including online schools, are required to adhere to the current immunization schedule. To view the current list of required immunizations for school attendance visit the DOE website. In unusual circumstances your physician may recommend additional immunizations.

If you choose to have your child exempted from immunizations due to legally permissible religious, good cause or medical reasons then you must complete an Immunization Exemption Form which will be placed in your child's health record. You can request the Immunization Exemption Form from the enrollment department by emailing records@vprepinmg.org or calling 888-436-0234

If there are any questions about immunizations or where to get them, call your public health nurse at the County or City Health Department. If the Student has not received the minimum number of immunizations, unless otherwise exempt, he/she is to be excluded, by state directive, from school on the fifteenth (15th) day after admission.

AGE REQUIREMENTS

Children entering the Kindergarten Program must be five years of age by September 1. Any student who turns twenty-two (22) years old on or before August 1 will not be eligible to enroll.

SUSPENSION AND EXPULSION PROCEDURES

Rules of suspension and expulsion follow due process requirements as mandated by the laws of the State of Indiana.

SUSPENSION

Out-of-school suspension is removal of a student from school for a period of up to 10 days.

While students are suspended from school, they shall be afforded the opportunity to complete missed classroom assignments. During suspension, students are not permitted to participate in extracurricular activities or be on any school property. Students may be prohibited from attending synchronous class sessions with peers.

The Principal or Principal’s designee may suspend a student. Prior to suspending a student, the Principal or designee must do both of the following:

1. Give written notice of the intention to suspend and the reasons for the intended suspension to the student.
2. Provide the student an opportunity to appear at an informal hearing before the Head of School designee and challenge the reasons for the intended suspension or otherwise explain.

The Principal or designee shall also provide written notice of suspension to the parent/guardian of the student. The notice shall contain:

1. The reasons for the suspension.
2. Notice of the right of the student, or student’s parent/guardian/custodian to appeal to the Head of School.
3. Notice that the student/parent/guardian/custodian has the right to be represented in all appeal proceedings.
4. Notice of the right to be granted an appeal hearing before the principal to be heard against the suspension.

5. The date and manner by a student or parent/guardian/custodian may notify the principal of their intent to appeal the suspension. If the student or parent/guardian wishes to appeal against the suspension, the request must be submitted, in writing, to the Principal within 5 school days of the written notice of suspension. The Principal shall immediately forward this written appeal to the Head of School.

EXPULSION

Except as specifically provided for by statute, a student may not be expelled for a longer period than the remainder of the school year in which the expulsion took effect if the misconduct occurs during the first semester. If a student is expelled during the second semester, the expulsion remains in effect for summer school and may remain in effect for the first semester of the following school year, unless otherwise modified or terminated by order of the governing body. The appropriate authorities may require that a student who is at least sixteen (16) years of age and who wishes to reenroll after an expulsion, or an exclusion attend an alternative program.

Only the Head of School or an appointed expulsion examiner may expel a student. No student shall be expelled unless prior to the expulsion, the superintendent does both of the following:

1. The Head of School shall give the student and parent, guardian or custodian written notice of the intention to expel the student and the reasons for the intended expulsion. The notice shall include the reasons for the intended expulsion, notification of the right of the student, guardian, custodian, or their representative to appear before the Superintendent or his/her designee to hear and to challenge the reasons for the intended expulsion or otherwise to explain the student's actions, and the notification of the time and place to appear.
2. Provide the student and parent, guardian, or custodian an opportunity to appear in person before the Superintendent or his/her designee to challenge the reason for the intended expulsion or otherwise to explain the student's actions.

Appeal of an Expulsion

Upon receipt of a written appeal, the Board shall hold a meeting to consider the written evidence and arguments presented at the expulsion meeting. The Board may then decide to uphold the expulsion, authorize alternative disciplinary action, or decide no disciplinary action is necessary.

The student or his/her parents may appeal the Board's decision to the appropriate court.

ANTI-HARASSMENT, INTIMIDATION & BULLYING POLICY

I. Introduction

It is the policy of the school that any form of Bullying behavior, whether in the classroom, on school property, including, without limitation, school buses, to and from school, at School-Sponsored Events, or via electronic act (defined as an act committed through the use of a cellular telephone, computer, pager, personal communication device, or other electronic communication device) is expressly forbidden. Periodically, the School shall review the policy and consult with parents, school employees, school volunteers, students, and community members regarding necessary revisions.

- a. Students who have been determined to have engaged in prohibited behaviors are subject to disciplinary action, which may include suspension or expulsion from school. The school's commitment to addressing such prohibited behaviors, however, involves a multifaceted approach, which includes education and the promotion of a school atmosphere in which Harassment, Intimidation or Bullying will not be tolerated by students, faculty, or school personnel.
- b. It is imperative that Harassment, Intimidation, or Bullying be identified only when the specific elements of the definition are met because the designation of such prohibited incidents carry special statutory obligations. However, misconduct by one student against another student, whether appropriately defined or not, will result in appropriate disciplinary consequences for the perpetrator.

II. Definition of Harassment, Intimidation or Bullying

A. "Harassment, Intimidation or Bullying" means either of the following:

1. Any intentional written, verbal, graphic, physical, or electronic act that a student or group of students exhibits toward another student more than once and the behavior both:
 - i. Causes mental or physical harm to the other student; and
 - ii. Is sufficiently severe, persistent, or pervasive that it creates an intimidating, threatening or abusive educational environment for the other student.
2. Violence within a dating relationship.

B. In evaluating whether conduct constitutes Harassment, Intimidation or Bullying, special attention should be paid to the words chosen or the actions taken, whether such conduct occurred in front of others or was communicated to others, how the perpetrator interacted

with the victim and whether the victim's reaction was reasonable or foreseeable under the circumstances, and the perpetrator's motivation, either admitted or appropriately inferred.

- C. A School-Sponsored Event shall mean any activity conducted on or off school property (including school buses and other school-related vehicles) that is sponsored, recognized, or organized by the school or on behalf of the school.

III. Types of Conduct

Harassment, Intimidation or Bullying can include many different behaviors including overt intent to ridicule, humiliate or intimidate another student or school personnel. Examples of conduct that could constitute prohibited behaviors include, but are not limited to:

- Physical violence and/or attacks.
- Threats, taunts, and intimidation through words and/or gestures.
- Extortion, damage or stealing of money and/or possessions.
- Exclusion from the peer group or spreading rumors; and
- Repetitive and hostile behavior with the intent to harm others using information and communication technologies and other Web-based/online sites (also known as "cyber bullying"), such as the following:
 - Posting slurs on Web sites where students congregate or on Web logs (personal online journals or diaries).
 - Sending abusive or threatening instant messages or email.
 - Using camera phones to take embarrassing photographs of students and posting them online or sending them to third parties; and,
 - Using Web sites to circulate gossip and rumors to other students; and
 - Excluding others from an online group by falsely reporting them for inappropriate language to Internet service providers.

IV. Complaints

A. Written Complaints

Students and/or their parents guardians may file reports regarding suspected Harassment, Intimidation or Bullying. Such written reports shall be reasonably specific including person(s) involved, number of times and places of the alleged conduct, the target of suspected Harassment, Intimidation and/or Bullying, and the names of any potential student or staff witnesses. Such reports may be filed with any school staff member or administrator, and they shall be promptly forwarded to the school principal for review and action in accordance with this policy.

B. Verbal Complaints

Students, and or their parents or guardians may make verbal complaints of conduct that they consider to be Harassment, Intimidation and/or Bullying by verbal report to a teacher, school administrator, or other school personnel. Such verbal complaints shall be reasonably specific as to the actions giving rise to the suspicion of Harassment, Intimidation and/or Bullying, including person(s) involved, number of times and places of the alleged conduct, the target of the prohibited behavior(s), and the names of any potential student or staff witness. A school staff member or administrator who receives a verbal complaint shall promptly document the complaint in writing, including the above information. This written report by the school staff member and/or administrator shall be promptly forwarded to the principal for review and action in accordance with this policy.

C. Protection of Person Filing Complaint

Individuals who make complaints as set forth above may request that their name be maintained in confidence by the school staff member(s) and administrator(s) who receive the complaint. The complaints shall be reviewed, and reasonable action will be taken to address the situation, to the extent such action may be taken that (1) does not disclose the source of the complaint, and (2) is consistent with the due process rights of the student(s) alleged to have committed acts of Harassment, Intimidation and/or bullying.

D. False Complaint

It is a violation of this policy and procedure to knowingly report false allegations of Harassment, Intimidation, and/or Bullying. Persons found to knowingly report or corroborate false allegations will be subject to appropriate discipline.

V. School Personnel Responsibilities

A. Teachers and Other School Staff

- a. Teachers and other school staff, who witness acts of Harassment, Intimidation or Bullying, as defined above, shall promptly notify the school principal and/or his/her designee of the event observed, and shall promptly file a written, incident report concerning the events witnessed. Teachers and other school staff who receive student or parent reports of suspected Harassment, Intimidation, and Bullying shall promptly notify the school principal and/or his/her designee of such report(s). If the report is a written complaint, such complaint shall be forwarded promptly (no later than the next school day) to the school principal or his/her designee. If the report is a verbal complaint by a student that is received by a teacher or other professional employee, he or she shall prepare a written report of the verbal complaint which shall be promptly forwarded (no later than the next school day) to the school principal or his/her designee.
- b. In addition to addressing both written and verbal complaints, school personnel are encouraged to address the issue of Harassment, Intimidation or Bullying in other interactions with students. School personnel may find opportunities to educate students about Harassment, Intimidation and Bullying and help eliminate such prohibited

behaviors through class discussions, counseling, and reinforcement of socially appropriate behavior. School personnel should intervene promptly whenever they observe student conduct that has the purpose or effect of ridiculing, humiliating, or intimidating another student/school personnel, even if such conduct does not meet the formal definition of “Harassment, Intimidation or Bullying.”

B. Administrator Responsibilities

a. Investigation

- i. The principal and or his/her designee shall be promptly notified of any written or verbal complaint of suspected Harassment, Intimidation or Bullying. Under the direction of the school principal or his/her designee, all such complaints shall be investigated promptly. A written report of the investigation shall be prepared when the investigation is complete. Such report shall include findings of fact, a determination of whether acts of Harassment, Intimidation or Bullying were verified, and, when prohibited acts are verified, a recommendation for intervention, including disciplinary action shall be included in the report. Where appropriate, written witness statements shall be attached to the report.
- ii. Notwithstanding the foregoing, when a student making a verbal complaint has requested anonymity, the investigation of such complaint shall be limited as is appropriate in view of the anonymity of the complaint. Such limitation of investigation may include restricting action to a simple review of the complaint (with or without discussing it with the alleged perpetrator), subject to receipt of further information and/or the withdrawal by the complaining student of the condition that his/her report be anonymous.

C. Remedial Actions

- a. Verified acts of Harassment, Intimidation, or Bullying shall result in an intervention by the school principal or his/her designee that is intended to ensure that the prohibition against Harassment, Intimidation or Bullying behavior is enforced, with the goal that any such prohibited behavior will cease.
- b. Harassment, Intimidation and Bullying behavior can take many forms and can vary dramatically in seriousness and impact on the targeted individual and other students. Accordingly, there is no one prescribed response to verified acts of Harassment, Intimidation and Bullying. While conduct that rises to the level of Harassment, Intimidation or Bullying, as defined above will generally warrant disciplinary action against the perpetrator of such prohibited behaviors whether and to what extent to impose disciplinary action (detention, in and out-of-school suspension; or expulsion) is a matter for the professional discretion of the school principal.

VI. Reporting Obligations

A. Report to the Parent or Guardian of the Perpetrator

- a. If after investigation, acts of Harassment, Intimidation and Bullying by a specific student are verified, the school principal or his/her designee shall notify in writing the parent or guardian of the perpetrator of that finding. If disciplinary consequences are imposed against such student, a description of such discipline shall be included in such notification.
- B. Reports to the victim and his/her parent of guardian
- a. If after investigation, acts of Harassment, Intimidation and Bullying against a specific student are verified, the school principal or his/her designee shall notify the parent or guardian of the victim of such finding. In providing such notification, care must be taken to respect the statutory privacy rights of the perpetrator of such Harassment, Intimidation and Bullying.
- C. List of verified acts of Harassment, Intimidation or Bullying
- a. The school principal/administrator shall semiannually provide the president of the school board a written summary of all reported incidents and post the summary on the district Web site, if one exists. The list shall be limited to the number of verified acts of Harassment, Intimidation and Bullying, whether in the classroom, on school property, to and from school, at school-sponsored events or via electronic act.

This policy shall not be interpreted to prohibit a reasonable and civil exchange of opinions or debate that is conducted at appropriate times and places and is protected by State or Federal Law.

VII. Police and Child Protective Services

Allegations of criminal misconduct will be reported to law enforcement, and suspected child abuse must be reported to Child Protective Services, per required timelines. The school must also investigate for the purpose of determining whether there has been a violation of the School Policy or Procedure, even if law enforcement or CPS is also investigating. All School personnel must cooperate with investigations by outside agencies.

ADDITIONAL POLICIES

SECTION 504

The Rehabilitation Act of 1973 includes Section 504 to prevent discrimination based upon disability. The Section 504 civil rights statute requires the needs of students with disabilities to be met as adequately as the needs of the non-disabled. The Virtual Prep Academy of Indiana @ Madison Grant will provide a "free appropriate public education" (FAPE) to each qualified student with a disability under Section 504. An individual with a disability means any person who: "(I) has a mental or physical impairment that substantially limits one or more major life activity; (II) has a record of such an impairment; or (III) is regarded as having such an impairment" [34 C.F.R. §104.3(j)(1)].

CHILD FIND POLICY

The school is participating in an effort to assist the State of Indiana in identifying, locating, and evaluating all children who may have disabilities that may be hindering their ability to receive FAPE (Free and Appropriate Public Education).

School districts across the state of Indiana are also participating in this effort to identify disabilities such as autism, deaf blindness, hearing impairment, including deafness, mental retardation, multiple disabilities, orthopedic impairment, other health impairment, traumatic brain injury, and/or visual impairment including blindness.

We are committed to affording all children their right to a free and appropriate education, regardless of any disability a child may have. However, to accomplish this, we must know that a need is present.

Parents, guardians, relatives, public and private agency employees, and concerned citizens are used to help schools find any child, birth through age 21, who may have a disability and need special education and related services. If you are aware of a child who may have special needs, please notify the School's Administrator.

The school will contact the parents or guardians of the child to find out if the child needs to be evaluated. Free testing is available to families to determine whether a special need exists. If a need is identified, the child can begin receiving special education and related services.

HOMELESS STUDENT POLICY

Children who meet the Federal definition of "homeless" will be provided a free and appropriate public education in the same manner as all other students of the school. To that end, homeless students will not be stigmatized or segregated based on their status as homeless and will be assigned to the school serving those non-homeless students residing in the area in which the homeless child is living. Pursuant to the School's Open Enrollment Policy, any homeless child in the State of Ohio is eligible to attend the school. No homeless student will be denied enrollment based on a lack of proof of residency. No Board policy, administrative guidelines, or practice will be interpreted or applied in such a way as to inhibit the enrollment attendance, or school success of homeless children.

Homeless students will be provided services comparable to other students in the school including:

- Transportation
- Educational services for which the homeless student meets eligibility criteria including services provided under Title I of the Elementary and Secondary Education Act or similar State and local programs, educational programs for children with disabilities, and educational programs for students with limited English proficiency
- Programs in vocational and technical education;
- Programs for gifts and talented students; and
- School nutrition programs.

McKinney-Vento Homeless Children and Youth Program Overview

The Head of School's designee serves as the school's local liaison for homeless children and youth. To the extent that the school receives assistance from the Federal Program for Education for Homeless Children and Youth, it shall comply with requirements to coordinate services for homeless students with local social service agencies and programs, including those funded under the Runaway and Homeless Youth Act.

SCHOOL RECORDS

The Family Educational Rights and Privacy Act (FERPA) affords parents and students who are 18 years of age or older ("eligible students") certain rights with respect to the student's education records. These rights are:

1. The right to inspect and review the student's education records within forty-five (45) days after the day the school receives a request for access. Parents or eligible students should submit to the school administrator a written request that identifies the records they wish to inspect. The school administrator will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.
2. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA. Parents or eligible students who wish to ask the school to amend a record should write to the school administrator, clearly identify the part of the record they want changed and specify why it should be changed.

If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

3. The right to provide written consent before the school discloses personally identifiable information (PII) from the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests.

A "school official" is a person employed, contracted, or volunteering at the School in an administrative, supervisory, academic or support staff position, including but not limited to, school employees (whether

employed directly by the Board or by a third party on behalf of the Board); a member of the school law enforcement unit, which consists of the School Leader; a person with whom the School has contracted to perform a special task (i.e. Attorney, auditor, outside consultant); a person serving on the Board. A School official has a "legitimate educational interest" in an education record when the official needs to review the record in order to fulfill his or her responsibility on behalf of the School, such as when the official is performing a task that is specified in his or her job description or by a contract agreement or other official appointment; performing a task related to a student's education; performing a task related to the discipline of a student; or providing a service or benefit relating to the student or student's family, such as health care, counseling, assisting with the college application procedure; any other purpose that the Board deems necessary as related to a student's education. Upon request, the school discloses education records without consent to officials of another school or school district in which a student seeks or intends to enroll.

The right to file a complaint with the U.S. Department of Education concerning alleged failures by the school to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office
U.S. Department of Education 400 Maryland Avenue, SW
Washington, DC 20202

Release or inspection of student records will be handled in accordance with the Board of Director's Student Records Policy.

STUDENT DIRECTORY INFORMATION

It is the policy of the school not to release any personal information such as names, home address and phone numbers to outside agencies or requesting parties without the direct written consent of the Parent or guardian or as otherwise required by law, such as military recruiters, etc. Unless a Parent/Guardian - or adult student (18 years of age or older) - notifies the school in writing that the Parent/Guardian or adult student permits the distribution of any personal information, the school will not release the information. Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent's prior written consent. The school has designated student names and grade levels as directory information and will use such information in school publications, social media publications, recognition lists, programs and/or student directories. If you do not want the school to disclose any or all the information designated above as directory information you must notify the school in writing. A sample notice has been included at the end of this Handbook that you may use for that purpose.

ACCESS BY MILITARY RECRUITERS/INSTITUTIONS OF HIGHER EDUCATION

Two federal laws require the school to provide military recruiters, upon request, with student names, addresses and telephone listings, unless parents have advised the school that they do not want their student's information disclosed without their prior written consent. Similarly, state law requires the school to provide military recruiters, upon request, with the names and addresses of students in grades ten through twelve, unless parents have advised the school that they do not want such information disclosed.

AUDIO-VISUAL INFORMATION

The school recognizes the value of audio-visual and other types of electronic communication in providing our students with an effective education. In communicating our school-related activities, opportunities exist to photograph and/or videotape students and their work in a variety of activities. However, individual student records (academic, behavioral) will not be disclosed. Communications may include school newsletters, local newspapers, community access cable channel, school-sponsored web pages, marketing materials and other publications. Highlighting the achievements and celebrating student successes in our school is an integral part of the reporting responsibility to the community.

ACADEMICS

GRADES

The Virtual Prep Academy of Indiana @ Madison Grant has a standard grading procedure, as well as additional notations that may indicate work in progress or incomplete work. The purpose of a grade is to indicate the extent to which the student has acquired the necessary learning. In general, students are assigned grades based upon test results, homework, projects, and classroom participation. Each teacher may place a different emphasis on these areas in determining a grade and will so inform the students at the beginning of the course work. If a student is not sure how his/her grade will be determined, s/he should ask the teacher.

The Virtual Preparatory Academy of Indiana at Madison-Grant uses the following grading system:

100 - 93 = A (4.00)	76 - 73 = C (2.00)
92 - 90 = A- (3.67)	72 - 70 = C- (1.67)
89 - 87 = B+ (3.33)	69 - 67 = D+ (1.33)
86 - 83 = B (3.00)	66 - 63 = D (1.00)
82 - 80 = B- (2.67)	62 - 60 = D- (0.67)
79 - 77 = C+ (2.33)	59 - below = Failure

I – Incomplete

P – Acceptable achievement in course

F – Failure of course

Elective courses and Science and Social Studies courses at the Elementary level (grades Kindergarten through Fifth grade) will receive Pass/Fail grades.

Elective courses at the Middle School level (grades 6-8) will receive Pass/Fail grades.

All High School level courses (grades 9-12) will receive standard letter grades.

Grade Weighting

It is the goal of the Virtual Preparatory Academy of Indiana at Madison-Grant that all students challenge themselves with the most rigorous coursework that completes their graduation pathway. To acknowledge the advanced level coursework of Honors, Advanced Placement and Dual Credit, the following values will be used to calculate GPA and class rank in grades 9-12.

Course Level	A	A-	B+	B	B-	C+	C	C-	D	F
Regular	4.0	3.7	3.3	3.0	2.7	2.3	2.0	1.7	1.0	0
Honors	4.5	4.2	3.8	3.5	3.2	2.8	2.5	2.2	1.0	0
AP & DC	5.0	4.7	4.3	4.0	3.7	3.3	3.0	2.7	1.0	0

Grading Periods

Final grades will be posted at the conclusion of each semester and report cards will be issued at that time. Semester grades will be posted to the student's permanent transcript and used for the calculation of overall GPA. Students and parents can always access student grades via their AMP dashboard. Parents are encouraged to monitor grades and progress regularly.

PROMOTION, PLACEMENT, AND RETENTION

Elementary – Middle School

Promotion to the next grade (or level) is based on the following criteria:

1. current level of achievement
2. potential for success at the next level
3. emotional, physical, and/or social maturity

High School

Beginning with the class of 2023, students in the state of Indiana must use the newly developed graduation pathways to successfully complete high school with a diploma. More details on the graduation options can be accessed by clicking on this link: [Understanding Graduation Pathways](#)

GRADUATION REQUIREMENTS

Normally, students will complete graduation requirements in four (4) years. To receive a diploma and graduate, a student must pass all requirements by the Indiana Department of Education (State Board of Education) for graduation, meet the school requirements for basic coursework, and earn the total number of minimum credits. For students enrolled in special education, the criteria for graduation and the extent of participation in the State-mandated requirements will be determined by their IEP (Individualized Educational Plan) team.

The graduation requirements each student is required to meet at Madison-Grant High School and V Prep Indiana at M-G are (CLICK THE LINKS BELOW FOR FURTHER DETAIL):

- A. [Indiana Department of Education Graduation Requirements](#)
- B. [The core 40 course and credit requirements adopted by the State Department of Education;](#)
- C. Additional graduation requirements established by the Board of School Trustees.

Upon the request of the student's parents, the student may be exempted from the Core 40 curriculum requirements and be required to complete the general curriculum to graduate as required by State law.

Dual Credit

Virtual Preparatory of Indiana at Madison-Grant provides college credit to qualifying juniors and seniors in partnership with Ivy Tech. To qualify, students must be in good academic standing. Students work with their counselor and teachers to apply to Ivy Tech, take the placement test and meet the qualifying score. Participating students can take classes at no cost and get college and high school credits simultaneously

Credit Recovery

The Credit Recovery courses serve students seeking to recapture credit for courses previously taken. The classes have the same material; however, the delivery and type and number of assignments may differ. In addition, students can move past material they have mastered by testing out of material they know. The Credit Recovery program is mastery-based and helps students catch up on credits while taking their current classes and get back on track for graduation. Credit recovery is available during the school year and offered during a special summer session.

Opt-Out Process for Indiana's New Graduation Requirements

Indiana Code 20-32-4-7,8,9,10

To graduate with less than Core 40, the following formal opt-out process must be completed:

- The student, the student's parent/guardian, and the student's counselor (or another staff member who assists students in course selection) meet to discuss the student's progress.
- The student's career and course plan is reviewed.
- The student's parent/guardian determines whether the student will achieve greater educational benefits by completing the general curriculum or the Core 40 curriculum.
- If the decision is made to opt-out of Core 40, the student is required to complete the course and credit requirements for a general diploma and the career/academic sequence the student will pursue is determined.

Attendance

ATTENDANCE AND ABSENCE POLICY

All students are expected to attend school and engage in instructional programming regularly to receive maximum benefit from the instructional program. The instructional experience takes place outside a regular school building; therefore, accountability of student activities and participation is measured by the reporting of the educational learning hours engaged in by the student. Indiana state law requires that schools offer at least 180 days of instruction per school year. The daily amount of expected instructional time is 5 hours of instructional time for students in grades Kindergarten-6, and 6 hours of instructional time for students in grades 7-12. Daily attendance is tracked via a combination of the following: offline time submissions submitted by Parents/Guardians, online activity reports automatically generated by the school Learning Management System when students work in courses or attend live sessions, participation in state and local assessments, contact with school staff, and other methods as dictated by the school. Any student who has not logged into the system and completed coursework or assessments on a given day will be marked absent. Per Indiana state law, any student who is enrolled at a public or nonpublic school and accumulates at least ten (10) unexcused absences during a school year is considered habitually truant and must be withdrawn from the virtual program (see additional information on this in the Habitual Truancy section of this policy).

- It is expected that students will be engaged and actively participating in schoolwork each day. Students should be online, completing asynchronous lessons through the course dashboard, and attending live sessions as instructed by teachers. If students are not maintaining the expected level of engagement or not maintaining expected course progress students will be referred to the engagement intervention program.
- Live session attendance is critical to student success in the online classroom. It is highly recommended that all students attend all live class offerings daily to interact with teachers and receive instruction and practice especially when students are not receiving passing grades. These live sessions are recorded and available for students to view at any time.
- Students must show up for in-person state testing at designated locations on assigned days.
- Failure to log into the system and complete course work each day and/or failure to attend assigned testing constitutes an unexcused absence for the student.
- Students must attend school on all official school days, complete all assignments in a timely manner in accordance with stated class schedules, and attend live class sessions or view archived materials as directed.
- Students must make contact with her/his teacher(s) every week.
- Parents/Guardians may be directed to log offline hours and/or properly document the Student's offline work.

- Parents/Guardians must provide the school with written notes documenting why absences should be excused, within 3 days of the absence date. All communications regarding student attendance should be directed to phone 888-436-0234 or email attendance@vprepinmg.org.
- Students who miss school are encouraged to review recordings of any live instructional sessions missed, and to make-up any daily asynchronous course assignments that were not completed during the absence.
- Students that fail to meet engagement requirements related to completion of diagnostic assessments, state testing, live session participation, and completion of course assignments and assessments may be subject to discipline and/or interventions as outlined in the School's Student Engagement Policy.

Absence Classifications and Actions

In a virtual model, the tracking of attendance must acknowledge the direct correlation and interplay of attendance and engagement. A student is deemed fully present and in good standing if either of the following criteria is met:

- The high-quality curriculum and instruction paired with the academic expectations provided by Virtual Prep Indiana is designed to fulfill the minimum time requirements set forth by the state of Indiana. A student that completes the daily assigned coursework and takes part in the weekly required communication and/or live instruction will be marked present and in good standing.
- Indiana law requires that a student completes 5 hours daily of instructional time in grades K-6 or 6 hours in grades 7-12. Daily attendance hours at Virtual Prep Indiana are tracked via a combination of the following: offline time submissions submitted by Parents/Guardians, online activity reports automatically generated by the school Learning Management System when students work in courses or attend live sessions, participation in state and local assessments, contact with school staff, and other methods as dictated by the school. However, due to the inherent flexibility of virtual education, attendance will be calculated on a weekly basis. Students are expected to complete 25 hours (K-6) and 30 hours (7-12) weekly. Failure to meet the time requirement and/or the weekly required communication requirement will result in the recording of an absence for that day.

All student absence from school will be classified as follows:

Excused Absences

- Illness with an approved and signed note from the attending medical personnel
- Death in the Immediate Family
- Religious Holiday
- Special Permission - All special permission absences must be approved by the school principal

Unexcused Absences

- Any absence for reasons other than those listed under excused absence

- Note: lack of internet access will be considered unexcused absence, as guardians must ensure consistent internet access to students enrolled in the virtual program

Students shall NOT be recorded as absent, nor shall they be penalized in any manner in the following instances:

- When serving as a page or as an honoree of the Indiana General Assembly.
- When serving on the precinct election board or as a helper to a political candidate or to a political party on the date of an election.
- When a student is appearing as a witness in court as the result of a subpoena to appear.
- When a student is ordered to active duty with the Indiana National Guard for not more than ten days in a school year.
- Absences excused with a doctor's slip giving the EXACT days a student is unable to attend class/school, because of mental, physical, or emotional reasons.
- Attendance at in-person testing required by the school.

Habitual Truancy

Per Indiana state law, any student who is enrolled at a public or nonpublic school and accumulates at least **ten (10) unexcused absences during a school year** is considered habitually truant.

Per Indiana Code 20-19-9-5 if a student who attends a virtual education program accumulates the number of unexcused absences sufficient to result in the student's classification as habitually truant the student must be withdrawn from enrollment in the virtual education program. That student may not re-enroll in the virtual education program for the remainder of the school year per Indiana Code 20-24-7-13

After a student accumulates **three (3) unexcused absences** in a semester, a notification will be sent to the parent(s). When a student accumulates **five (5) unexcused absences** a notification will be sent to the parent and a parent conference with the school team will be scheduled. The notice will clearly state that the student has failed to adhere to the attendance policy and requires immediate intervention. The conference's purpose is to identify barriers to school attendance and collaborate to determine solutions. Additionally, the team will review information provided by the student's family and will determine if absences can be excused in accordance with school policy. When a student reaches **seven (7) unexcused absences** in a semester a notification will be sent to the parent informing them of the school's obligation to withdraw the student once **ten (10) unexcused absences** have been earned. Once **ten (10) unexcused absences** have been reached the parents will have 3 days to provide any additional documentation justifying the final absence. If no documentation is provided to indicate that an absence falls within one of the excuse categories captured above the student will be withdrawn from the virtual education program and the parent will receive a notification of withdrawal.

If a student is withdrawn due to Habitual Truancy, Virtual Preparatory Academy of Indiana at Madison Grant will:

1. Report the student to Child Protective Services with concerns of Education Neglect. Per Indiana Code 35-46-1, a person who knowingly or intentionally deprives a dependent of education commits neglect of a dependent, a Level 6 felony.
2. Report to the Indiana State Police Clearinghouse for missing children.
3. Call the local law enforcement agency to confirm child welfare.
4. Not allow the student to re-enroll for the remainder of the current school year.

Chronic Absenteeism

Any student who accumulates at least ten (10) absences, **excused or unexcused**, during a school year is considered **chronically absent**. After a student accumulates **five (5) absences, excused or unexcused**, in a semester, a letter will be sent to the parent(s) and a parent conference with the administration will be requested. Students will be referred to the engagement intervention protocol, in line with the Student Engagement Policy.

After 10 absences, a conference will be held with the parent/guardian, administrator, and/or the attendance specialist. Failure to attend the conference may result in immediate withdrawal from the program. Failure to continually meet the terms of the contract may also result in withdrawal from the program.

Once a student is enrolled, that student will have five days to log in to the system and begin the orientation process. Should 5 days pass with no activity or communication from the student or parent/guardian, the student will be automatically withdrawn from the program.

ENGAGEMENT

All students are expected to continuously engage in instructional programming to be successful at Virtual Prep Academy of Indiana at Madison Grant. Daily course completion and live instructional session participation allow instructional staff insight into student development and academic support needs. Live sessions also afford students an opportunity to participate in cooperative learning, ask questions and demonstrate academic growth. Regular completion of diagnostic, summative, and formative assessments are essential for the promotion of student development and instrumental for implementing targeted instructional techniques.

Indiana state law requires that schools offer at least 180 days of instruction per school year and defines an instructional day as including 5 hours of instructional time for students in grades 1-6, and 6 hours of instructional time for students in grades 7-12, as such, attendance is measured in this manner.

Virtual Prep Academy of Indiana at Madison Grant assesses student engagement levels via a combination of the following:

- Completion of course assignments
- Completion of local assessments

- Attendance in live instructional sessions
- Contact with School Staff
- Participation in state mandated testing

Course Assignments and Assessments

It is critical for student success to complete course assignments and assessments regularly so teachers can monitor progress and ensure growth and mastery of state standards. Within each course students should complete all items on the plan for the day and should stay on track with assignment due dates as set by the teacher. Students who do not follow minimum expectations of course completion will be referred to the engagement intervention protocol.

Local Assessments

Periodically throughout the school year, the school implements diagnostic/interim assessments, short-cycle assessments, and common mock assessments to determine student current levels of mastery and development and to target instruction. Students shall be given the opportunity to complete such assessments within a reasonable amount of time which is consistent with the purpose for administering the assessment. These timelines for completion will be communicated as each assessment is announced. Students are expected to complete all assessments given. Students who do not follow minimum expectations will be referred to the engagement intervention protocol.

Live Instructional Sessions

The curriculum at Virtual Prep Academy of Indiana at Madison Grant is designed to provide flexibility to its students and allow the opportunity to earn credit and complete assignments on their own time. However, students that attend and participate in live class sessions on a regular basis are typically more successful than students who do not. Students are provided a clear schedule for live opportunities in the core subjects of Math, English, Science and Social Studies. Although live instructional sessions are recorded and made available to students for review on their own time, students are encouraged to attend live sessions as they are provided in real time so that they can benefit from live discourse and collaborative work with students and teachers.

Contact with School Staff

There is a minimum expectation of weekly contact between the student and certified teacher for the purpose of instruction, review of assignments, testing, evaluation of student progress, or other learning activities. This can happen through live instruction. When a student is not attending live instructional sessions teachers may mandate additional forms of contact such as one on one web conferences, weekly phone calls, or email communication. Students who do not meet minimum live instructional attendance expectations will be referred to our engagement intervention protocol.

State Mandated Testing

Indiana students are tested regularly by the state to assess their progress as they move through school. Students are required to attend all in-person state testing.

Indiana Learning Evaluation Assessment Readiness Network (ILEARN) measures student achievement and growth according to Indiana Academic Standards. ILEARN is the summative accountability assessment for Indiana students and assesses:

- English/Language Arts (ELA) (Grades 3-8)
- Mathematics (Grades 3-8)
- Science (Grades 4 and 6)
- Social Studies (Grade 5)
- Biology* (at end of course)

Additional Required Assessments:

- SAT (Grade 11 beginning Spring 2023)
- IREAD – 3 (Grade 3)
- National Assessment of Education Progress (NAEP) (NAEP is given every year in Indiana, however the subjects and grades can vary)

Some students may additionally be required to participate in the following assessments:

- WIDA – English Language Proficiency Assessment
- I AM – Alternative Assessment for Students with significant cognitive disabilities

LOCAL ASSESSMENTS – Diagnostic, Benchmark, and Short Cycle Assessments

Diagnostic testing will take place upon enrollment for each new student, and 3 times per year for all students. These tests are required. A student’s non-participation may result in removal from the school in line with the school’s established Engagement Policy.

For students in an online school to be successful it is necessary for them to be continuously engaged in the education process. Regular completion of diagnostic and benchmarking assessments is essential for the promotion of student development and instrumental to the development and implementation of targeted instructional techniques.

Students shall be given the opportunity to complete such assessments within a reasonable amount of time which is consistent with the purpose for administering the assessment. Students are required to complete all assessments. Students that fail, without legitimate excuse, to complete any assessment within the time prescribed by the school may be removed from the program in line with the school’s established Engagement Policy.

Engagement Intervention Program

The Student Services team provides timely coordination of support services to address the specific needs of each student and foster positive academic outcomes. The assigned student services team member will continuously monitor student progress to evaluate and adapt a support plan as needed. Participation is required to ensure student success.

Support Levels

Student Services staff, teachers, and administration will monitor attendance, course completion, assignment submission, and compliance with school and state assessment requirements to determine a student’s engagement level.

Level 1: General school-wide prevention and programming.

- Onboarding, homeroom support, live instructional sessions, and student group activities
- Compliance with school policy regarding attendance, engagement, assignment completion and communication is expected

Level 2: Engagement or course progress concerns requires students to receive additional support and progress monitoring through an intervention plan.

During this period, the focus will remain on enhancing academic growth through increased contact with teachers and support staff, modification of learning goals, and/or modification of the student learning plan. Student Services staff will work with teachers to identify any barriers interfering with a student's education, setting specific goals, and creating an action plan to provide additional support or accountability as needed. Individual check-ins and/or additional small group sessions may be required.

- Teachers and Student Services team members identify intervention methods in conjunction with the student and learning coach. The homeroom teacher will facilitate the process, monitor progress, and provide regular, formal follow-up.
- In review of the plan, the following actions may occur:
 - Excellent progress – student is re-assigned to Level 1 support
 - Moderate progress – student continues receiving Level 2 support and review
 - No progress – student is escalated to administration

Level 3: All available resources and interventions have been exhausted for a student. Students are escalated to administration for next steps, including possible transfer to another school program to address their individual needs more appropriately.
